MANUAL SIDEDRIVE W/EXTENDED BELT DRIVES

The BestPack™ MSD-EB sealer is a unique multi-purpose solution. Featuring a convenient top 3-flap folder and extended side-drive system, the MSD-EB enables a person to efficiently grab, flap fold, and seal a carton in one station. Dual telescopic masts allow for an extra 4" carton height extension on the upper assembly and two 110V UL-approved electric motors power the extended side belt drive.

All BestPack units are available in our standard baked enamel finish and food grade 304 stainless steel for 21 CFR 110 compliance.
